Community Data Program

Enabling communities across Canada to measure and track local well-being

Source: Statistics Canada, 2016 Census of Population. The Community Profile series is produced using data available from the Community Data Program. The Community Data Program is an initiative of the Canadian Community Economic Development Network

*Based on the After-Tax Low-Income Measure (LIM)

¹ refers only to the population aged 15+

² self-identified "visible minority" in the 2016 Census
